

Beta Marine - Beta Marine 45T 45hp Marine Diesel Engine Package (2021 Build)
£ 6,750

Description

Beta Marine 45T 45hp Four Cylinder Turbocharged Heat Exchanger Cooled Marine Diesel Engine Package With TMC60 2:1 Gearbox, Control Panel & Wiring Loom Date Of Manufacture July 2021 Video available at the following link: <https://youtu.be/8KSSGzFyLCU> This engine was installed in late 2021 and installed coupled with a Seaprop Saildrive. The saildrive suffered a major fault and the vessel owners have now changed the entire engine package for an alternative solution. At point of removal the engine had only run 220hrs from new. Our workshops have put the engine back to standard shaft drive specification with original Beta mounting brackets and a brand new TMC60 2:1 gearbox. The boat was running a custom instrumentation system so the engine is also being supplied with a brand new Deluxe C Type control panel and 6.0M extension harness. The engine has been fully tested and inspected by our workshops and found to be in excellent order, as you would expect from an engine that has only had 2 seasons use. With a new retail price around £11,000 + VAT, this engine offers a significant saving on the new price. Delivery can be arranged anywhere in the UK or Worldwide at buyers cost. Please call our office for further information on 01935 83876.

Sales status: available

Manufacturer: Beta Marine

Model: Beta Marine 45T 45hp Marine Diesel Engine Package (2021 Build)

Year built: 2021
