

Mermaid - JCB Mermaid J444-NA63 85hp Marine Diesel Engine 2014 (PAIR AVAILABLE)
£ 5,795

Description

JCB Mermaid J444-NA63 85hp Four Cylinder Heat Exchanger Cooled Marine Diesel Engine With Control Panel & Wiring Harness. Matching Pair Available. A very nice pair of JCB Mermaid engines built and delivered in 2014 with one owner operator from new. Circa 9000hrs running time and extremely well maintained. During their service life, both engines have had new heat exchangers. Recent works include brand new injection pump on one engine and brand new oil cooler on the other. These engines have never wanted for anything. Currently offered as engines with instruments only. The original gearboxes were re-deployed onto the customer's new engines. We can however offer a wide range of new and used gearboxes if required. Electrics are 12V. Priced at £5,795 Per Unit or £10,500 for the pair. Offered in "as removed" cosmetic condition but can be fully stripped and repainted at additional cost if required. Masses of torque from these 4.4L units producing 85hp at only 2200rpm. The fuel systems are mechanical so no complicated wiring, commonrail injection or ECU to worry about. Shipping can be arranged anywhere in the UK or Worldwide at buyers cost. Part exchange very welcome. Please call our office on 01935 83876 for further details.
