Nanni - 200hp

£ 6,795

Description

Nanni T4-200 200hp Marine Diesel Engine Package (Three Available) Nanni T4-200 200hp Four Cylinder Turbo Intercooled Heat Exchanger Cooled Marine Diesel Engine Package With Kanzaki TTM40A 2.45:1 Electric Shift Downangle Gearbox We have a choice of three units available plus a fourth unit for spare parts which was running when removed but has now had the turbo removed and sold. Two from approx 2010 Year with 6000hrs running time and one from 2015 with approx 3200hrs. All three are in good running order and are complete with Nanni control panels and wiring harnesses. Very compact for the power they produce. They can be supplied as complete packages but will require an electronic throttle assembly if you intend to use the electric shift gearboxes. We have fitted the engines with original Nanni throttle potentiometers so the engines will work with standard morse controls and the gearboxes could be changed for mechanical shift or switched for a different gearbox entirely such as a ZF63A with mechanical shift. Prices starting from £6,795 per package. Shipping can be arranged anywhere in the UK or Worldwide at buyers cost. Please call our office on 01935 83876 for further details.
